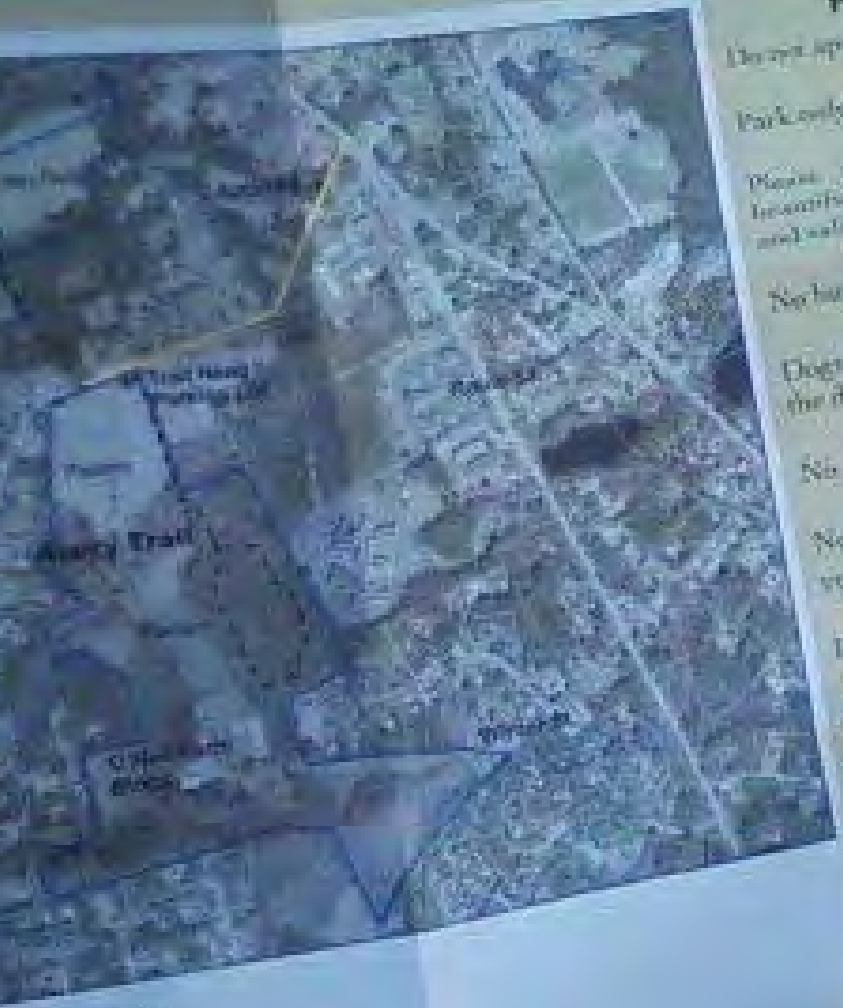
Historic O'Neil Farm, Inc.
This 9.5 acre field has been in agricultural production since the 1700s. Forage grown here is used to feed the O'Neil Farm dairy herd. Trees in the field are red cedar. They provide shelter for native winter birds. Manure from the barn is regularly spread on the field to enrich the soil.



RULES AND REGULATIONS

Do not approach cattle or wildlife.

Park only in designated parking areas.

Please respect our land so it will stay beautiful for the next generation of people and safe for the next generation of wildlife.
